

Understanding Your Care Options:

Home, Palliative & Hospice Services

Join us for an informative community event hosted by **TREK Healthcare** where we will introduce the Home Care, Palliative Care, and Hospice services we are bringing to the area. This presentation will bring individuals, families, and caregivers better understanding of end-of-life care options, what each level of care provides, and how these services support comfort, dignity, and quality of life. Whether you're planning for the future or supporting a loved one now, this is a valuable opportunity to learn, ask questions, and connect with local care experts.

January 21st 6:00 PM

Drummond Community Library, 124 First St., Drummond, MT

Presenter: Todd Carver 406-498-6435, toddc@trkhc.com
